

Hello everyone! We hope you are doing well and staying safe in this crazy time.

We are currently working on planning our summer reading program. And we want to hear from you what you feel most comfortable with. We have 3 options available for you.

- is totally in person. All activities/programs will be in person.
- a hybrid program. Some things in person and some things will be virtual and have activity pack.
- 100% virtual. Online reading logs, Facebook live programs, and a take home activity pack that you will grab each week.

Please let us know what you are most comfortable with. I look forward to hearing from you! –Miss Mary
